A REPORT ON THE PROGRAMME "INTERNATIONAL SUICIDE PREVENTION DAY"

"International Suicide Prevention Day" was observed in our college on 16.09.2019 in the Conference Hall. Dr. Deepak, Psychiatrist. Basaveswara Medical College, Chitradurga delivered a special lecture on this special occasion while speaking in the programme he advised the students not take away their precious life in the form of suicide under any circumstances.

Human life which is given by nature or God is more valuable. The modern highly competitive world has created so much stress and strain among people especially younger ones. Those who are unable to face the problem in life feel stressed and decide to take their own life. He advised them to keep their mental health well along with their physical health.

205 students of our college had participated. The Principal of our college presided over this function. The teaching and non-teaching staff of our college had also participated in the programme .
